SUMMARY

Results-driven Software Engineer with experience in Full-Stack Development using MERN Stack. Proficient in JavaScript, Python, React.js, and Node.js, with expertise in RESTful APIs and Software Development Life Cycle (SDLC). Eager to contribute enthusiasm, adaptability, and a fresh perspective to a dynamic team.

EDUCATION

Indira Gandhi National Open University   **Jan 2025 - Ongoing**
Masters in Commerce

Indira Gandhi National Open University   **2021 - 2024**
Bachelor of Commerce   Grade: 61.68%

PROJECTS

E-Commerce Website   Link
- Designed and developed an e-commerce platform enabling businesses and individuals to buy and sell products online.
- Implemented features such as product listings, shopping carts, secure payment gateways, and user authentication.
- Utilized React.js and Next.js for dynamic user interfaces and deployed the frontend using Vercel/Netlify.

Advanced AI Virtual Assistant   Link
- Developed an intelligent AI-powered virtual assistant utilizing Gemini API for natural language processing and task automation.
- Implemented advanced AI models for contextual understanding, voice/text-based interactions, and seamless API integration.
- Enhanced user experience through real-time responses and voice-controlled automation.

Money Manager Application   Link
- Created a React-based application for tracking income and expenses with real-time updates.
- Designed a clean and intuitive UI for easy navigation and seamless functionality on both desktop and mobile devices.
- Deployed the application using Vercel/Netlify for fast and efficient hosting.
